HOW TO REDEEM YOUR
“BOOK CREATOR, STRIP DESIGNER AND EXPLAIN EVERYTHING” APPS

Dear Parents/Guardian,

Our records show your children is missing one or more of the school paid apps. This is a step-by-step guide on how to redeem these apps on (Student1, Student2 and Student3)’s iPad. These apps can be shared between your children’s iPads with using the same iTunes account across all the iPads, we will go through this in this guide.

1. Tap on the “App Store” on the first iPad.
2. Once you are in the App Store swipe all the way down to the bottom where you can see “Redeem”.

[Image of the App Store interface with the Redeem button highlighted]
3. When you have tapped “Redeem” you will be asked to sign into your iTunes store.
4. After you have signed in tap the section “You can also enter your code manually” then just start typing the unique code you have been given. (Book Creator UNIQUE CODE: XXXXXXXXXXXX)

(NOTE: This is a unique code for one time use ONLY. DO NOT share this code.)

Once you have finished entering the code tap on “Redeem”
5. When the code has successfully been redeemed it still automatically starts downloading the app by itself.

(Picture used above is an example of redeeming the “Book Creator” app.)

(NOTE: Tap “Redeem Another Code” to redeem the following app using the UNIQUE CODES given below.)

Strip Designer UNIQUE CODE: XXXXXXXXXXX
Explain Everything UNIQUE CODE: XXXXXXXXXXX

Just a reminder these UNIQUE CODES will be only given out ONCE. Please make sure you redeem these codes.
6. You will now be able to see the new app downloaded onto your home screen.
7. Tap on the “Settings” on the second iPad.
8. Tap on the “iTunes & App Store” and on the left hand side, where you see “Apple ID” make sure it’s the same Apple ID that was on the first iPad.
9. After you have entered the same “Apple ID” as the first iPad. Tap on the “App Store”.
10. At the bottom of the screen tap “Purchases”.

CREATING THE FUTURE TOGETHER
11. You'll see a list of apps that has been purchased with this Apple ID. For this example this iPad doesn't have "Book Creator" installed, tap on the “cloud” icon and when promoted enter your Apple ID password and the app will start downloading. (Note: You can do this process with any app that has the “cloud” icon next to it, if the iPad is missing “Strip Designer” or “Explain Everything” you can repeat this process.)
12. You'll now see “Book Creator” is now installed on the second iPad. Please repeat step 11 if you have any missing apps.

Thank you for your cooperation in this matter.

Regards,

David Lu
