School Required Apps

The school asks that the following apps be installed on your child's iPad for the start of the school year.

The selection of apps below will be used during the year. Throughout the year, your child's teacher may ask you to download more free apps onto your child's iPad.
Your assistance in this will be greatly appreciated (a letter will be sent home asking you the app to download).

When installing the apps, please ensure that the icon matches the image below as some apps use similar names. Remember that you must allow a **minimum, of 6GB** for school Apps.
