Principal's Column

So occasionally I get a touch of the philosophicals.....

Harry Chapin was a singer-songwriter – he wrote 'Cats in the Cradle; and 'All My Life's a Circle'. He had this to say about his grandfather:

My grandfather was a painter. He died at age eighty-eight, he illustrated Robert Frost's first two books of poetry, and he was looking at me and he said,

"Harry, there's two kinds of tired. There's good tired and there's bad tired."

He said, "Ironically enough, bad tired can be a day that you won. But you won other people's battles; you lived other people's days, other people's agendas, other people's dreams. And when it's all over, there was very little you in there. And when you hit the hay at night, somehow you toss and turn; you don't settle easy.

It's that good tired, ironically enough, can be a day that you lost, but you don't even have to tell yourself because you knew you fought your battles, you chased your dreams, you lived your days and when you hit the hay at night, you settle easy, you sleep the sleep of the just and you say 'take me away'".

He said, "Harry, all my life I wanted to be a painter and I painted; God, I would have loved to have been more successful, but I painted and I painted and I'm good tired and they can take me away."

goes to

JIVAN BOLAT 2M

Congratulations Jivan for setting such a terrific example to the rest of the school!

Oak Park Primary School will work collaboratively to provide a stimulating, safe and challenging learning environment that promotes resilient, innovative thinkers.

I think of this quote every now and then. There's probably something different in it for everyone. For me, it's about being true to yourself, to work on the things that are important to you and the greatest enjoyment is in doing something that you believe strongly about.

I hope you all get to be good tired this week.

Infectious Diseases

We would remind parents to advise the school office if your child is absent due to an infectious condition. It is imperative that we are advised in the Office as soon as possible once your child is diagnosed. This is so we may be able to advise teachers and parents within that grade area. There are also immune deficient students, unimmunised students and those staff who may be pregnant that are placed at risk.

Notifications of infectious diseases will be sent out via a Compass notification. If your child is unwell in any way, please keep them home so they may recover, and not infect others.

Bullying. No Way!!

Take action every day

Friday 15th March is the National Day of Action against Bullying and Violence: **Bullying. No Way!**
Take action every day.

This theme builds on the 2018 journey to *Imagine a world free from bullying*, by inviting school communities to turn big ideas into action. Parents, teachers, students or members of the community can turn ideas into action and help deliver a powerful message that bullying and violence are never okay.

Here at Oak Park Primary School, we continue to open

opportunities for authentic student voice, with teachers supporting students to actively participate in their school communities, put forward their ideas and views, contribute to decision-making and influence outcomes. All students and staff will be wearing a wrist band enforcing this message and all students will also receive a 'Bullying. No way!' information card.

Ten possible action areas for student-led action have been identified. These action areas relate to bullying prevention and student wellbeing.

There are three types of bullying behaviour:

- **Verbal bullying** which includes name calling or insulting someone about physical characteristics such as their weight or height, or other attributes including race, sexuality, culture, or religion

Oak Park Primary School will work collaboratively to provide a stimulating, safe and challenging learning environment that promotes resilient, innovative thinkers.

- **Physical bullying** which includes hitting or otherwise hurting someone, shoving or intimidating another person, or damaging or stealing their belongings
- **Social bullying** which includes consistently excluding another person or sharing information or images that will have a harmful effect on the other person.

Bullying

If any of these behaviours occur only once, or are part of a conflict between equals (no matter how

inappropriate) they are not bullying. The behaviours alone don't define bullying.

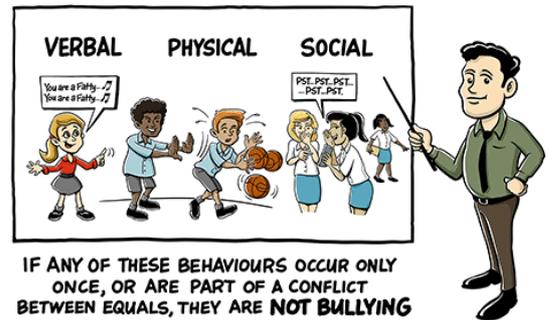

Verbal, physical and social bullying can occur in person or online, directly or indirectly, overtly or covertly.

Positive Parenting- Michael Grose

Bullying is a word that's wrapped in emotion. For many people bullying is associated with bad childhood memories. It's been estimated that around 40% of people have experienced some type of bullying. The ghosts from the past are never far away for parents and can sometimes influence the way we react to current circumstances, including when our own children experience difficulties in their relationships inside or outside school.

Bullying is an insidious behavior that transgresses children's natural right to feel safe and secure. It can adversely affect their learning, emotional wellbeing, further peer relations and their sense of self. Bullying takes many forms and guises including physical and emotional abuse, intimidation, harassment and exclusion. It now has a well-publicised cyber-

dimension which has moved the goalposts for many

kids. In the past children could escape bullying behaviours they may have experienced by being at home.

Cyber-bullying now means that kids can't escape the bully like they once could. Bullying is not the domain of one gender. Girls bully just as much as boys but they do it in less physical ways. Bullying should not be confused with teasing, rejection, random acts of violence or physicality and conflict. While children will often tease or fight, this bickering should not be confused with bullying. Bullying is about lack of power as one person is powerless to stop the teasing or physical abuse. Bullying is the selective, uninvited, repetitive oppression of one person by another person or group. It should not be tolerated or practiced by the adults who inhabit their world.

If you think your child is being bullied then proceed with care as children often don't want to admit that they are on the receiving end of bullying. It helps to be on **lookout for warning signs** such as: items being stolen, changing the route to school and withdrawal from usual activities.

If your child is being bullied:

1. **Listen to their story:**

Issue 6
March 13th 2019

Oak Park Primary School will work collaboratively to provide a stimulating, safe and challenging learning environment that promotes resilient, innovative thinkers.

Children who are bullied need someone to believe their story. Take them seriously and avoid dismissing complaints as telltale. Use common sense to differentiate between bullying and more random, nonselective ant-social acts. Kids can be nasty to each other, yet nastiness doesn't always constitute bullying.

2. Deal with their feelings:

A child who is bullied probably feels scared, angry and sad. Boys are more likely to display anger and girls claim they feel sad. The degree of emotional intensity is an indicator of the amount of bullying. Recognise and validate their emotions. Let them, talk about how they think (remember boys respond better to 'think' language) and feel. It's normal to feel sad, scared or just plain confused.

3. Get the facts:

Get a clear picture of what happens, including who is involved, the frequency and what happens prior to any bullying. Get your child to be as specific as possible by asking good questions. An accurate picture will help you determine your next course of action.

4. Give them coping skills:

With a clear picture you can start giving your child some help about how he or she may deal with bullying including; using avoidance strategies, being more assertive and changing body poor language.

5. Get the school involved:

Bullying is best handled when parents and teachers are involved. Some parents tell me that schools can be reluctant to become involved. From my experience, schools take bullying very seriously and go to great lengths to support and empower those

on the receiving ends and look for ways to change the behaviour of bullies. Approach your school through the appropriate channels, make yourself aware of your schools' anti-bullying procedures and programs, and be willing to work within these guidelines.

6. Help build your child's support networks:

Kids need a group of friends to support them when they experience bullying so look for practical ways to broaden friendships groups.

7. Build their self-confidence:

Provide children with systematic encouragement. Let them know through your words and treatment of them that they will get through this period. It's worth remembering that children who experience some form of bullying often come out stronger and more resourceful because they have experienced difficulties and they know they can defeat them.

Ride to School

Over the past 40 years, the number of children who are physically active everyday has significantly dropped. In the 1970's, eight out of ten students rode or walked to school but today that number has dropped to just two out of ten. Students who walk or ride to school contribute to their minimum physical activity level of 60 minutes per day. They are also more focused and ready to learn compared to those who are driven.

This year Oak Park Primary School will be participating in the National 'Ride2School' Day on Friday 22nd of March. We strongly encourage all students to ride to school on this day to promote healthy physical activity habits. Students may choose to ride their bike or scooter to school or even walk to school. Happy Riding!

Parent Helpers Course

We will be running parent helpers information sessions here at Oak Park Primary School. Parent helpers add significantly to the school program and your support is greatly appreciated. Some areas where parents have traditionally assisted in our school's operations include:

- Hearing children read
- General classroom assistance- literacy and mathematics groups
- Typing children's stories
- Helping children write stories
- Attending excursions
- Assisting with Sports' Teams
- Covering / contacting books
- Working in the gardens
- Assisting in the Library.

We encourage parents who wish to assist in the school, to participate in our Parent Helpers' Program. This program will aim to provide some basic information about how you can help, as well as

some protocols and 'etiquette' that we ask all classroom visitors to abide by. Two Parent Helper Information sessions will be held, **although you only need to attend one session.**

- **Tuesday 19th March:** 9.15-10.00 am **OR** 5.30-6.30 pm
- **Tuesday 26th March:** 9.15-10.00 am **OR** 5.30-6.30 pm

We look forward to seeing you all.

Please RSVP with your name, date and session time you will be attending, via email to giordano.maria.m@edumail.vic.gov.au **by no later than Friday 15th March.**

Hot Cross Buns

Students will bring home Easter raffle tickets and hot cross bun order forms over the next couple of days. Please return any sold raffle tickets and money to the office before Monday 1st April. Make sure your name and phone number is clearly written on the ticket stub you return so we know who the lucky winner is! Tickets are \$2 each or 3 for \$5. There are more tickets available at the office if you need them.

We understand there are cheaper hot cross buns available but if you or family are able to order a pack or two it will support both our school and a great community partner, Strathmore Brumbies who often assist our school in many fundraising events throughout the year.

There will also be a \$40 prize pack for a lucky winner.

Hot Cross bun forms are due back at school by the 26th March and Buns will be delivered to school on Wed 3rd April.

Cyber Safety Presentation

ThinkUKnow

Oak Park Primary School will be hosting a ThinkUKnow presentation on **April 3rd, 2019, 7pm**

and all parents, carers and teachers are encouraged to attend.

ThinkUKnow Australia is a cyber safety education program that educates parents, carers and teachers of how people are using technology, the challenges they may face online, and how to help them overcome these in a safe and ethical way.

ThinkUKnow Australia is a partnership between the Australian Federal Police, Microsoft Australia, Datacom and the Commonwealth Bank. The program is delivered in collaboration with policing partners New South Wales Police Force, Northern Territory Police, Queensland Police, South Australia Police, Tasmania Police, Western Australia Police, as well as Neighbourhood Watch Australasia.

The presentation will be delivered by a local law enforcement member, and an industry volunteer. The presentation covers issues relating to children and young peoples' privacy and security online, their relationships with other users and their online reputation. It provides insight into the devices young people are using, as well as the popular websites, apps and social networking sites they're accessing.

This is a fantastic opportunity for you to learn more about young people and the online environment, and how you can help them to be safe and responsible users of technology.

Foundation: Letter of the Week 'Tt'

As part of the Foundation 'Letter of the week' program, the Foundation grades spent last week learning all about the letter 'T'!

To celebrate, the students participated in an activity morning alongside their Grade 6 buddies where they participated in a range of fun activities including teddy mask making and face painting!

Students were invited to bring along their favourite teddy and a picnic blanket. The morning concluded with the Foundation students and their Grade 6 buddies sharing a 'Teddy Bear Picnic' together outside,

Thank you to the Grade 6 buddies for joining us for such a fun morning!

Winter Sport Helpers

For next term's inter-school sport, we are now required to have at least one extra adult with each team for AFL, Netball and Soccer.

When we play, the teacher may sometimes be required to umpire the game. Therefore, it is crucial that we have at least one adult to help supervise the students while this is happening.

If we fail to provide an adult supervisor, we may end up having to forfeit our games.

This was agreed upon at the District Sports meeting at the end of last year.

If you know you are free on Fridays at 12pm and would want to help out, myself and the 56 team would greatly appreciate it.

It will also be a great excuse to come and cheer on your child!
