Dear Parents/Carers,

Oak Park Primary School is looking forward to another great year of teaching and learning and would like to advise you of Oak Park Primary School's voluntary financial curriculum contributions for 2026.

Schools provide students with free instruction to fulfil the standard Victorian curriculum, and we want to assure you that all contributions are voluntary. We want to thank you for all your support, whether that is through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

Within our school this support has allowed us to upgrade our wellbeing space and enables us to provide a wider offering of subjects and special curriculum experiences and enhanced digital learning opportunities.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Educational items for students to own

The Curriculum Contributions below are essential for your child to learn the standard curriculum. These items are supplied to classrooms for the individual use of students but you may purchase these items for your child to individually own and use. We recommend you purchase from Winc. A list of items are available by contacting the office.

Extra-Curricular Items and Activities

Oak Park Primary School offers a range of items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides in order to deliver the Curriculum. These are provided on a user-pays basis. These extra-curricular items and activities will be requested throughout the year.

Oak Park Primary School understands that some families may experience financial difficulty and offers a range of support options, including:
